

## Investment Services

The Slovak Investment and Trade Development Agency offers Slovak and foreign investors a wide range of customized services. Its Investment projects department's core agenda is to mitigate regional differences within the Slovak republic and attract higher added value investments to Slovakia.

### Services for Potential Investors

- Presentation of key advantages of Slovakia as an investment destination including statistical data
- Investment incentives consultancy
- Assistance with identification of suitable real estate
- Identification of potential suppliers and service providers
- Assistance with implementation of investment projects
- Starting a business consultancy
- Relocation assistance, work/residence permits
- Sectorial and regional analyses

### Services for Established Investors

The Slovak Investment and Trade Development Agency offers to Slovak and foreign companies help with their expansion plans within the country. Its Investment projects department's services are:

- Company expansion assistance
- Identification of local suppliers and service providers
- Ad-hoc and systematic problem solving on a regional and national level
- Support of innovation and R&D activities
- Consultation of Government support measures for a business established in Slovakia with a particular focus on strategic investors
- Assistance to companies interested in registration to the List of Business Service Centers and Technology Centers of Ministry of Economy
- Facilitating connections between schools, universities & research centers, and the business sector
- Consultancy on Investment incentives and R&D Superdeduction
- [Innovation sourcing \[1\]](#) - connecting local technology companies, operating mainly in the Industry 4.0 sector with the operations of production or logistics companies that plan to implement new innovative solutions in order to streamline and optimize their processes.
- [Diversification Services \[2\]](#) - a platform to support the diversification of sector portfolio of Slovak companies towards perspective and hi-tech areas
- [Localization Services \[3\]](#) - we are eager and ready to support your business by localizing your key suppliers and by sourcing your new potential suppliers among well-established companies in Slovakia
