

Pre- event advisory meetings

SARIO organises pre- event advisory meetings for those participants that attend fairs, business missions abroad and sourcing events abroad. The goal of this will be to provide advising which will include basic information on the territory, instructions regarding the event, relevant contacts to partners in the territory, advising with financing and insurance of exported goods or services in the given territory, advising regarding credit worthiness of business partners in the territory, etc.

The pre- event advisory meetings will be based on demand of the Slovak companies registered for the individual events. Every attendee of a fair, a business mission abroad, or a sourcing event abroad is eligible for attendance of these meetings. Attendance is voluntary.
