

Sourcing and cooperation events

Sourcing events in Slovakia and abroad

Sourcing events are focused on the involvement of Slovak SMEs into subcontractor networks of foreign companies.

Slovak SMEs will be introduced to foreign customers looking for suppliers, primarily in areas such as construction, electronics, automotive, machinery, and others.

For the whole period of implementation of the National project 'Support of internationalization of SMEs' (4. Q 2017- 3. Q 2023) it is planned to hold approximately 35 sourcing events in Slovakia and abroad.

Cooperation events in Slovakia

Cooperation events focus on introducing the opportunities for sales of production, forming joint ventures, presenting free production capacities and business opportunities of Slovak SMEs. In sectoral terms, this will include the areas of energy, machine industry, automotive, electronics, chemical and wood- processing industry, ICT and other areas.

As part of the events there are accompanying conferences, panel discussions and presentations in the presence of professional from practice, who will take care of the professional side of the program. For attendees from abroad there are information seminars about business and investment opportunities, mergers and acquisitions projects, creating joint ventures and about cooperation in the area of technology use.

For the whole period of implementation of the National project 'Support of internationalization of SMEs' (4. Q 2017- 3. Q 2023) it is planned to hold approximately 10 cooperation events in Slovakia.
